

STICKY MATS

ANTI-BACTERIAL STICKY MATS

DESCRIPTION

Cleanroom sticky mat remove dirt and dust from foot traffic and equipment wheels prior to their entry into a clean or controlled environment. The adhesive coating on each layer contains an anti-bacterial additive, which remains for a long time, ensuring, in case of proper use, a substantial reduction of cross contamination.

Numbered tabs ensure one sheet at time removal and indicate the number of remaining layers. Packaging of 8 mats per 30 layers each. Available in blue, white and grey.
