Classification of the mixture
Classification according to Regulation (EC) 1272/2008 (CLP): This mixture is classified as not hazardous according to Regulation (EC) 1272/2008 (CLP).
Classification according to Directive 1999/45/EC (DPD): This mixture is classified as not hazardous according to Directive 1999/45/EC.

Label elements
Labelling according to Regulation (EC) 1272/2008 [CLP]: Not applicable.
Labelling according to Directive 1999/45/EC (DPD): Not applicable.

Other hazards
None known. Minimum standards for protection measures (TRGS 500) as common in the chemical industry should be followed.

According to Article 31 of the REACH Regulation, drawing up a safety data sheet for this product is unnecessary, as the product is neither classified as a hazardous material nor does it contain hazardous ingredients or materials with Community (EC) workplace exposure limits or substances of very high concern (SVHC) above their particular legal nominal limits. Under REACH Regulation (EC) no. 1907/2006 (REACH), no safety data sheet is therefore required and also not available in this case.
