

## Highlights:

- Each panel features the user-friendly KWIK-STIK™ format
- Each panel contains 2 STIKs of each recommended strain
- Refrigerated storage is easy and economical
- Online Certificate of Analysis provides detailed strain information
- Traceability to reference cultures ensures authenticity

## 5244P Bruker MALDI Biotyper System Comprehensive Identification Panel

*Bacillus subtilis* subsp. *spizizenii*  
*Candida albicans*  
*Escherichia coli*  
*Escherichia coli*  
*Micrococcus luteus*  
*Pseudomonas aeruginosa*  
*Staphylococcus aureus* subsp. *aureus*  
*Stenotrophomonas maltophilia*

## 5245P Bruker MALDI Biotyper System Extended Identification Panel

*Bacillus subtilis* subsp. *subtilis*  
*Brevundimonas vesicularis*  
*Chryseobacterium indologenes*  
*Curtobacterium pusillum*  
*Deinococcus radiophilus*  
*Enterococcus faecalis*  
*Methylobacterium organophilum*  
*Micrococcus luteus*  
*Proteus vulgaris*  
*Pseudomonas aeruginosa*  
*Ralstonia pickettii*  
*Sphingomonas paucimobilis*  
*Staphylococcus aureus* subsp. *aureus*  
*Staphylococcus epidermidis*  
*Stenotrophomonas maltophilia*
